

Regarding COVID-19

The number of confirmed cases of COVID-19 in Gifu Prefecture is rising as a result of cluster outbreaks.

We are currently at a **critical phase in preventing further spread of COVID-19.**

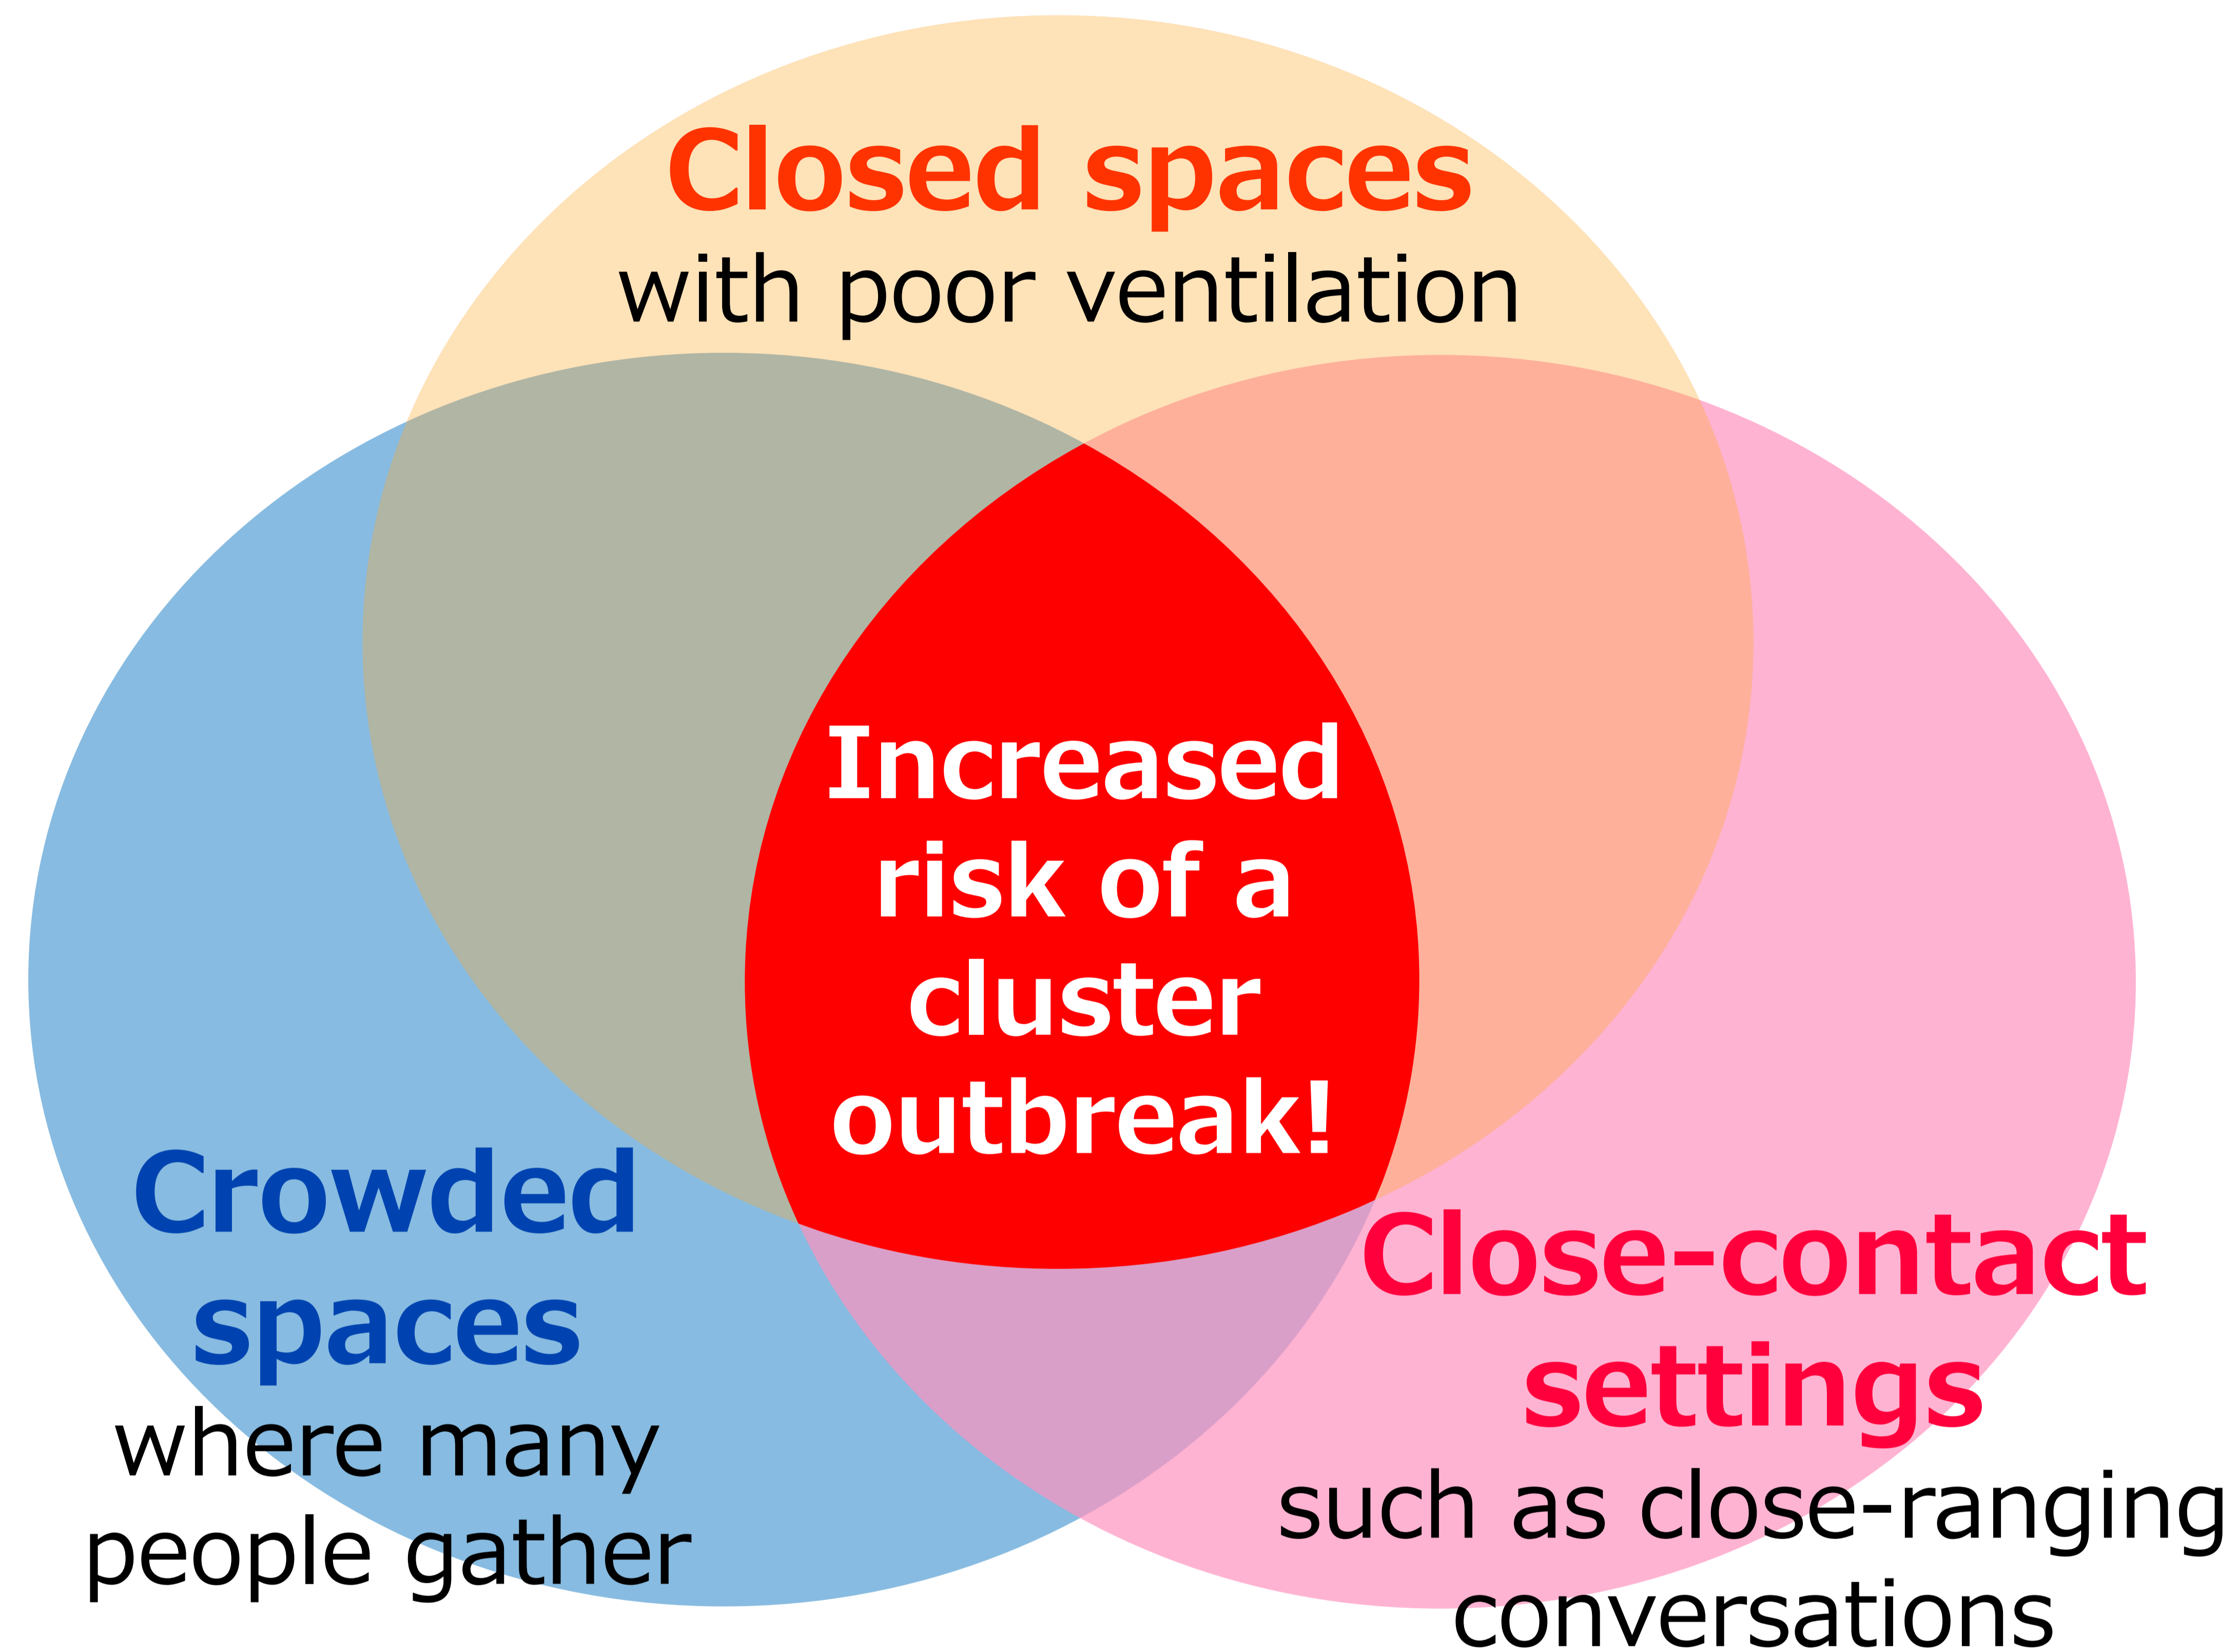

In order to protect your own life and health, as well as your loved ones, we request your cooperation in the following matters.

① Refrain from non-essential non-urgent outings.

② Avoid locations where risk of infection is greater because these 3 conditions overlap →

③ If you have continuous cold-like symptoms or a fever, or are experiencing extreme fatigue or difficulty breathing, please contact a Consultation

Center before visiting a medical institution. If you have any symptoms and have recently returned from overseas, you should immediately notify a Consultation Center for Returnees and those with Close Contact, regardless of which country you have returned from.

For foreign language consultations, please contact
Gifu Prefectural Consultation Center for Foreign Residents.

Tel: 058-263-8066 (9:00 ~ 18:00, Sunday to Friday)
