

Be aware of the possibility of accidents in rivers! Many deaths by drowning have occurred!

To protect your life and the lives of your loved ones...

- Wear a life jacket to go in the river!**
- NEVER swim across the river!**
- NEVER go in the river after drinking alcohol!**

There are many dangers in rivers, even if the water seems calm

- ◆ Rivers get deep suddenly.
- ◆ You can be pulled into a whirlpool.
- ◆ Slippery rocks on the riverbed mean you cannot stand properly.

Dial 119 if there is an emergency!
